
Laboratory Assistant

SoDak Labs, Inc., has part-time positions giving hands-on learning in the area of immunoassay and electrophoresis agricultural testing. This is a great opportunity for students interested in science, transgenic testing, and seed testing located in Brookings, South Dakota.

Genetics Laboratory:

1. Prepare seed samples for transgenic and genetic testing. Samples will undergo ELISA (Enzyme Linked Immunosorbant Assay) and electrophoresis testing.
2. Prepare solutions for ELISA and electrophoresis testing.
3. Process ELISA plates for washing and evaluation.
4. Lab maintenance such as cleaning, resupplying consumables, etc.
5. Equipment used may include multi channel pipettes, 96 well plate washer, microplate reader.
6. Manage and work with other employees to complete tasks in accurate and efficient manner.
7. Work in a quality system with standard operating procedures and quality records.

High-school level or college-level individuals with interest in Agriculture or Biology preferred. Pipetting skills are preferred.

Work Status: 20 -40 hrs / week, Flexible work times between 7am and 6pm.

Reporting: ELISA / Electrophoresis Manager or Kalyn Brix

How to Apply:

Interested individuals should submit an application that can be found at www.sodaklabs.com and submit to Kalyn.brix@sodaklabs.com . For more information about SoDak Labs, Inc. visit our website at www.SoDakLabs.com. We are located at 300 32nd Av, Suite C on the east side of Brookings.

SoDak Labs Inc. provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, disability or genetics.
