

SA221 Cereal Quality Course

May 7, 2020

What do test results tell you about your seed quality?

SoDak Labs is offering an online learning opportunity on cereal testing. You will gain knowledge on recommended testing protocol, along with an understanding of lab results and comments.

Topics include:

- * Triphasic Pattern of Water Uptake
- * Fungi Germination Model (imbibition, prechill, temperature, mycelium/spores)
- * Germination Methods (Wheat, Sorghum, Rice and Oats)
- * Sand Germination
- * Accelerated Aging test
- * Cultivar Purity Tests

There is **no charge** for this one hour webinar, but **pre-registration by April 24th is required**.

Our instructor, Tim Gutormson, brings 40+ years of seed technology experience in testing and seed research. He has also instructed college level courses, workshops and webinars for 30 years. Tim has BS and MS degrees in Agronomy, is a Registered Seed Technologist of the SCST, past president of SCST, past chairman of the American Seed Research Foundation and the current chairman of Seed Testing Research Foundation. Tim is currently an owner of SoDak Labs, Inc., located in Brookings South Dakota.

Please visit our website for more information www.SoDakLabs.com or call Tim Gutormson at 605-692-2758.

Three ways to register: **please register by April 24th**

(1) Online at www.SoDakLabs.com (2) Email to Marissa.Willert@SoDakLabs.com (3) Call Marissa at 605-692-2758
